Instructions

Netris is a two-player game where each player controls a group of pieces. The pieces are placed on a grid, and the player whose pieces reach the bottom of the grid loses. The game is played on a grid that is 10 units wide and 20 units high. The pieces are placed on the grid by dropping them from the top. The player whose pieces reach the bottom of the grid loses. The game is played on a grid that is 10 units wide and 20 units high. The pieces are placed on the grid by dropping them from the top. The player whose pieces reach the bottom of the grid loses.
